

# RAM® Power-Grip™ XL

The RAM® Power-Grip™ XL universal scanner gun holder is designed for use with several large form factor scanner guns and is RAM® Mounts Compatible™ with a full range of ball and socket forklift mounting systems. It features two attachment points, with hole patterns on the back of the holder allowing for the attachment of a RAM-202U or RAM-D-254U. Conversely, hole patterns on the bottom of the holder allow for the attachment of a 2" x 3" plate (RAM-202U-23 or RAM-D-202U-23). To enable use on the go, integrated holes on both sides of the holder allow for the use of a lanyard or GDS® Shoulder Strap. Elastomeric fins grip the handle of the scanner gun to ensure a secure fit, and can be easily replaced if required.

## RAP-450U
